Things That Go!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	1. Fill Ziploc bags with hair gel and blue food coloring. Throw in some mini boats in one and mini rockets in the other. Seal the bags with masking tape and let your child play!	2. Let your child dip rectangle-shaped dish sponges into paint and press them onto paper in a line. Add some thumbprint wheels and you have a fun, colorful train! Choo! Choo!	3. Things that go can move fast or slow! Teach your child the difference between these speeds by having them jump, run, clap, etc., fast and then slow down!	4. ACTIVITY PAGE "Driving through town"	5. Large cardboard boxes and lids to round plastic containers make for fun pretend race cars! Your child can also draw wheels, doors, and headlights on boxes with markers or crayons!	6. Weekend Wrap-Up Read books about transportation and repeat any of the fun activities you did this week!
7. Sunday Fun Day <i>Take a bike ride with your family!</i>	8. Draw lines on a piece of cardboard to make parking spaces. Write the numbers 1-10 in each space. Put numbers 1-10 on masking tape and place them on toy cars. Your child can park each car in the correct space!	9. Create a sensory bin with dried black beans and trucks. Your child can fill, dump, and move the beans with their trucks!	10. Simon says, "Fly like a plane," or "float like a boat," or "race like a car". Think of all types of transportation and direct your child to move like they do!	11. ACTIVITY PAGE "Transportation Bingo"	12. Make bathtime a little more fun by adding toy boats and giving your child some time to watch them float or show them how to make them sink!	13. Weekend Wrap-Up Read books about transportation and repeat any of the fun activities you did this week!
14. Sunday Fun Day <i>Try out some rollerblades, a skateboard, or a scooter with your family!</i>	15. Have a banana boat for a snack! Cut a banana in half lengthwise. Put each half on the side of a bowl and spoon yogurt in the middle. Let your child add some sprinkles just for fun!	16. Follow the leader! Arms stretched out to fly like a plane! Arms bent and elbows making big circles, chug like a train! Row your boat, moving hands and legs!	17. Bring out all types of plastic vehicles you have and help your child sort them into land, water, and air categories!	18. ACTIVITY PAGE Things That Go Click the picture to view our featured book 	19. Set up chairs to be different types of transportation. Have fun deciding on all the places you will visit, and let your child be the driver, the pilot, or the conductor!	20. Weekend Wrap-Up Read books about transportation and repeat any of the fun activities you did this week!
21. Sunday Fun Day <i>Catch a ride on your local city bus with your family!</i>	22. Gather together recyclable items such as milk jugs, juice boxes, toilet tissue rolls, and let your child create a new type of transportation!	23. Baby wipe boxes make great "guessing" boxes. Put small plastic "things that go" in the box, have your child put their hand in the opening, and guess what they are touching!	24. Hang on tight because the roller coaster is about to go! Have your child sit in a hamper and push them fast, slow, and zigzag all over the house!	25. ACTIVITY PAGE "Vehicle Crayons"	26. Have your child place their arms over their head and clasp hands. Then, slowly bend down to the countdown of 10 to 1 and then jump out and yell "Blastoff!"	27. Weekend Wrap-Up Read books about transportation and repeat any of the fun activities you did this week!
28. Sunday Fun Day <i>Take your family to enjoy some lunch or a treat from a food truck!</i>	29. "Round and round on the merry-go-round until we all fall down!" Your child falls and starts spinning again!	30. Try airplane pose. Balance on one foot, kick one leg out behind you, lean forward, and spread both arms out to the side. Sway back and forth!	31. End the month by making a trail mix of cereal, raisins, mini-marshmallows, and pretzels to eat when your child is "on the go!"
